Currently events are being conducted only for a common age group category in both Men and Women sections. Hence separate age category wise team selection is not being done. Selection to the team will be based on players performance in

1. Immediately previous National deaf TT championship and
2. Selection Trials run for the event. If the event for which the team is being selected is dated with in 3 months of the immediately previous Nationals, the Council may waive conducting separate selection trials and may proceed with the results of the Nationals alone. The decision to conduct selection trails in such cases will be purely at the discretion of the Council and binding on all.

The weightage of selection trials (if conducted) and nationals and position points will be as per the following tables. Council reserves the right to change the weights and position points periodically.

Points to consider.

We may provide weightage for one more previous national and the weightage assigned may be as follows:

Selection Trials – 0.6

Immediately preceding nationals – 0.3

Nationals Previous to the immediately preceding – 0.1
